EARLY YEARS NETWORK TO OPEN IN YORK

The Old York Bowling Club building has undergone a transformation into a childhood services hub over the past two months and opens for business on Friday 7th March, 2014.

Shire President, Cr Matthew Reid said, *“the value of partnerships with community members is seen in this exciting development to create a early years network and hub in York to provide services and facilities for families.*

The bowling club building with its proximity to the school and recreation facilities is seen as the perfect venue to meet this community need.”

The building will provide a home for numerous community groups and regional services as a one stop shop for early childhood needs.

Thanks are extended to all the community members involved in the co-ordination and development of the York Early Years Network and the volunteers who have worked on the buildings and grounds.
